**Report to National Executive – November 2014**

I am hereby submitting the report on my regional activities for the region of Quebec from August 2014 to November 2014 inclusive.

Since our convention in Québec city the region has been quite active doing demos on the 19th of each month and UNDE members from Montreal and St-jean even helped out with a demo at the borders which are national president was present. On October 20 we had a huge demo in Montréal around 300 members from UNDE and over 50 from PIPSC, first time we do a demo with them and hope to do some more.

My AGM season as started and so far we have a few changes due to retirements and changes of career !!!!!

Remember in 2015 STOP HARPER

Thank you,

Philippe Turcq
